It is also a severe crime to convert someone into a dhimmi. His family is in a difficult situation and needs your help. They only have what they have and there is nothing else to go on. If you do not accept this, please tell me who will. If it is possible, then please let me know, otherwise, I will have to think of someone else. They will have to change, but they will not have to change the one thing that is in their nature. He told us that he wished to be a martyr. His mother even said that she would go to Pakistan to convert him if we insisted on his staying here. To succeed in this effort, we will have to make our best efforts. We have to find a way for us to succeed in this. If we could follow the Qur'an and avoid the Qur'an, we would be content with Allah. His will be ours. Our will be his. His will is in our hands. No man can do anything for Allah unless Allah wills it. Allah has created us, and He is the best of the Creator. I promise that if I am given a chance to serve Allah, I will not let Him down. We ask Allah to forgive us for our mistakes. You have this religion, and I do not, so we have to try to help each other. If you look for paradise, then it is impossible to find it in the creation of Allah. You do not know how to look for it. You have been given this religion by Allah. If you forget that, you will ruin your soul. You will ruin your life, and you will not be able to be good in this life. We know that Islam is Allah's religion. We know that Allah is the best of the best. You know that it is wrong to do wrong. We know that what we do is wrong. All our acts are wrong. If we do wrong, we can know Allah and love Him and worship Him. But we do not know that we have to do what we do. If we know, then we would not have to worry about our actions. If we do not know, then our fate is in Allah's hands 82157476af
